SECOND GAME OF SERIES RUNS TO EXTRA INNINGS

After Groh and Frisch Had Singled in First Inning, Irish Meusel Picked a Slow Ball and Dropped It Into Left Field for Home Run, Making Giants 3 Runs

Each Team Got Eight Hits; Yankees Played Errorless Ball While Opponents Amassed One; Shawkey Opposed E. Barnes on the Mound

By United Press

Polo Grounds, New York, Oct. 5.—Darkness fell over the Polo grounds late today, and stopped the second game of the world's series with the Yanks and Giants tied at 3 to 3. After Groh and Frisch had singled in the first inning, Irish Meusel picked a slow ball, waist high, and dropped it into the left field for a home run, giving the Giants their only three runs.

SCORE BY INNINGS

Giant Lineup

Bancroft, short stop; Groh, third base; Frisch, second base; E. Meusel, left field; Young, right field; Kelly, first base; Stengel, center field; Snyder, catcher; J. Barnes, pitcher.

Yankee Lineup

Witt, center field; Dugan, third base; Ruth, right field; Pipp, first base; R. Meusel, left field; Schang, catcher; Ward, second base; Scott, shortstop; Shawkey, pitcher.

The Umpires

Hildebrand at the plate; McCormick at first base; Owens at second base; Klem at third base.

First Inning

GIANTS—Bancroft out, Ward to Pipp on an easy roller. Groh singled to center. Frisch singled to left. E. Meusel put a home run into the left field, scoring Groh and Frisch ahead of him. The crowd went wild. Young flied to Witt. Kelly fouled to Snyder. Three runs, three hits, no errors.

YANKS—Witt beat out a bunt down the third base line. Umpire Hildebrand called it a foul ball and brought him back to bat. Witt out, Groh to Kelly. Dugan safe on Bancroft's wild throw. Dugan going to second. Ruth grounded to Kelly, Dugan going to third. Dugan scored when Pipp knocked one into the right field. R. Meusel flied to Young. One run, one hit, one error.

Second Inning

GIANTS—Stengel beat out a hit to Scott. Snyder singled over first, Stengel stopping at second. Cunningham ran for Stengel. J. Barnes hit into a double play. Cunningham going to third. Bancroft flied to Ruth. No runs, two hits, no errors.

YANKS—Cunningham now playing for Giants. Schang out, Frisch to Kelly on a bounding roller. Ward out, Groh to Kelly. Scott out, Frisch to Kelly on a sensational play. No runs, no hits, no errors.

Third Inning

GIANTS—Groh walked. Frisch flied to Ruth. Groh held at first. E. Meusel up. Meusel flied to Ruth on an easy one. Young walked. Kelly fanned. No runs, no hits, no errors.

YANKS—Shawkey out, Groh to Kelly. Witt fouled out to Groh. Dugan doubled over third base. Ruth walked and the stands boomed. It was not an intentional pass. Barnes was trying to get him on a slow curve. Pipp out, Barnes to Kelly. No runs, one hit, no errors.

Fourth Inning

GIANTS—Cunningham fanned swinging. Snyder fouled to Dugan. J. Barnes fanned swinging. No runs, no hits, no errors.

YANKS—Meusel fouled out to Snyder down near first base. Schang fanned. Ward hit a home run over the left field fence. Scott flied to Frisch. One run, one hit, no errors.

Fifth Inning

GIANTS—Bancroft lined to Pipp un-

assisted. Groh out, Scott to Pipp. Frisch beat out a bunt. E. Meusel drove a long foul into the right field stands. It fell foul by one foot. Frisch stole second on a short pass ball. Frisch stole third on another wild pitch. Meusel out, Scott to Pipp. No runs, one hit, no errors.

YANKS—Shawkey flied to Cunningham. Witt out, Barnes to Kelly. Barnes leaped in the air and pulled the high bouncer for a nice play. Dugan singled to left. Meusel made a nice play and prevented a double. Ruth out, Frisch to Kelly. No runs, one hit, no errors.

Sixth Inning

GIANTS—Young up. Young beat out a hit to Scott. Kelly forced Young at second. Cunningham flied to Ruth. Snyder flied to Ruth against the right field wall. No runs, one hit, no errors.

YANKS—Pipp fouled to Snyder, a high one, just in front of the press box. R. Meusel walked. Schang out, Frisch to Kelly. Ward fanned. No runs, no hits, no errors.

Seventh Inning

GIANTS—J. Barnes up. Barnes out, Ward to Pipp on easy chance. Bancroft grounded to Pipp. Groh flied to Ward in short center. No runs, no hits, no errors.

YANKS—Scott grounded to Kelly. Shawkey fanned on 3 pitched balls looking at the third. Witt fanned. No runs, no hits, no errors.

Eighth Inning

GIANTS—Frisch fouled to Dugan. E. Meusel fouled to Pipp. Young flied to Meusel. No runs, no hits, no errors.

YANKS—Dugan out, Barnes to Kelly. Ruth doubled off the left field wall. Pipp flied to Cunningham, Ruth taking third after the catch. R. Meusel up. Ruth had stolen home when R. Meusel hit at a bad ball and fouled it off the right field wall. Meusel doubled to left, scoring Ruth. It was a close play, and Meusel made the bag with a great slide. Meusel barely stretched his hit. Schang grounded to Kelly unassisted. One run, two hits, no errors.

Ninth Inning

GIANTS—Kelly popped to Dugan in short left field. E. Smith batted for Cunningham. Smith singled over first base on the first ball pitched. It was ruled a foul by Umpire McCormick, and Smith was ordered back. He fanned, swinging. Snyder out, Ward to Pipp. No runs, no hits, no errors.

YANKS—King now playing center field for the Giants in place of Cunningham. Ward fanned, swinging. Scott singled to center. Shawkey bunted and forced Scott at second. Witt singled to left, Shawkey stopped at second. Dugan fanned, swinging. No runs, two hits, no errors.

Tenth Inning

GIANTS—Barnes out, Shawkey to Pipp. Bancroft singled to left center, but was out trying to stretch it,

CONGRESSIONAL COMMITTEE MEN CONFER WITH REP. HAROLD KNUTSON

A luncheon at the Ransford hotel marked the opening of the conference of republican congressional committee men, called to Brainerd Thursday afternoon by Committee Chairman D. D. Schrader, of Brainerd to meet and confer with Congressman Harold Knutson of St. Cloud.

All were present at the luncheon except Messrs. Thomas Brusegaard of Hill City, R. A. Lee of Long Prairie and Charles Jensen of Little Falls who were expected later in the afternoon.

Expressions heard from committee men of the big Sixth district were to the effect that Mr. Knutson's campaign for re-election was being well received and all prospects were most favorable.

Chairman Schrader, Congressman Knutson and Committeeman Allan R. Atwood of St. Cloud spoke of the wonderful reception accorded Senator Kellogg when he delivered his keynote speech at the armory there. After the luncheon the committee men and congressman adjourned to their committee room and will be in session the balance of the day.

Witt to Ward. Groh out, Ward to Pipp on a fast play. No runs, one hit, no errors.

YANKS—Ruth fouled out to Snyder. Pipp was tagged out on the base line by Kelly on a slow roller. R. Meusel fouled out to Snyder. No runs, no hits, no errors.

Game called on account of darkness.

BUSH LOST WHEN HE FELL, SAY YANKS

New York, Oct. 5.—Joe Bush lost when he turned his ankle trying to field Kelly's roller in the seventh, the pitcher's Yankee teammates declared last night.

Bush slipped, turning his ankle as he lunged for the ball and was unable to retrieve it in time to catch Kelly, who was credited with a hit.

Bright and Sunny

New York, Oct. 5.—Fair and warmer, with skies slightly overcast in the early morning, but promising to be bright and sunny by game time, was the weather for the second game of the 1922 world's series which will be staged at the Polo grounds this afternoon.

No Direct Tax Levy for State Maintenance

(By United Press.) St. Paul, Oct. 5.—There will be no direct tax levy on the people for the maintenance of the state government in 1923, Governor Preus announced today.

The occupation tax and other corporation taxes will be adequate to maintain the government next year, Governor Preus today informed R. P. Chase, state auditor. This is the second time in the history of the state that the people have been relieved of a direct tax.

BOY RUN OVER BY WAGON AND KILLED

(By United Press.) Stevens Point, Wis., Oct. 5.—Walter Boose, 7 year old son of Frank Boose, a farmer, was killed on the road near here by a wagon driven by his father today.

The boy had jumped off the wagon loaded with potatoes, and when he attempted to climb back, he slipped and fell under the rear wheel. The chest of the lad was crushed. He died within a few minutes.

ELEVATOR FALLS NINE STORIES, KILLS MAN

(By United Press.) Minneapolis, Oct. 5.—Lewis Jacobson, 60, elevator operator, was killed today when a freight elevator in the Edison building fell nine stories. Two boys, passengers, were injured. The boys, Ingewald Iverson and Martin Hennes protected themselves between piles of magazines the elevator was carrying, and probably saved their lives.

RAILROAD SHOPMEN WANT DAUGHERTY INJUNCTION CHANGE

ATTORNEY DONALD R. RICHBERG FOR SHOPMEN PLAYED DAUGHERTY

DECLARED EFFORTS TO INTERVIEW ATTORNEY GENERAL WERE FRUITLESS

(By United Press.) Chicago, Oct. 5.—Railroad shopmen today went over Attorney General Daugherty's head and asked the federal court hereto issue an order urging the circuit judges to revise the Daugherty injunction immediately.

Donald R. Richberg, attorney for the shopmen, read the appeal to the court. The attorney held that under the law of 1903 the attorney general could inform the circuit judges that the matter was "of general public interest" and thereby attain an immediate hearing.

Richberg flayed Daugherty for his stand on the matter, and declared that all the efforts of the shopmen to obtain an interview with him were denied. Richberg quoted a letter from the solicitor general's office which indicated that the government did not propose to appeal to the circuit judges.

The attorney then declared that there was no other course open for the shopmen other than the appeal to the court to inform the charges and urge quick action.

DETECTIVE INVESTIGATING SUGGESTED SUICIDE OF PRIEST TRACES MURDER

BODY EXHUMED FOUND TO HAVE BEEN STABBED AND HEAD STRUCK

(By United Press.) St. Paul, Oct. 5.—The error in the authorities in Gibbon, Minnesota, in washing blood stains from a revolver and dagger used in the murder of Rev. Valorian J. Schatz a priest, has blocked justice. J. B. Wilson, a detective who has been investigating the case, asserted evidence obtained pointed to a man and woman former residents of Biggon, living in Indiana now. The woman was "smitten" on the priest, he said.

The body of Rev. Schatz was found July 19, 1919 in a room adjoining his sleeping quarters. Investigation revealed he had died July 2. The body was badly decomposed. A bullet wound over the heart led to the suicide belief, and burial took place without further investigation.

J. F. Schatz, Montgomery, Minn., father of the priest, later hired Detective Wilson. As a result of his

ATLANTIC CITY STRIVES TO MAKE THE OCEAN RESORT AN ALL YEAR ONE

Who says the East does not cooperate with the West?

Here's the "Atlantic City Gazette-Review," of the world's most famous seashore resort, which expresses hearty interest in the publicity work being done by the Brainerd Chamber of Commerce and Brainerd Daily Dispatch in its extension of the Minnesota tourist season.

In quoting advertising rates in the valued Atlantic City paper, Harry E. Smith, president and general manager of the Gazette-Review company wrote Mr. Hoffbauer, chairman of the Chamber of Commerce publicity committee:

"I hope that we may receive your valued order, and if you have a reasonable booster story, we would be glad to cooperate with you. We are boosters ourselves as you know, and like to help a booster."

Atlantic City is working indefatigably to make its resort season run from January to December, with every month of the calendar having something special to offer.

Just as earnestly Brainerd in the Brainerd Lake Region is striving to pin to its tourist season the two glorious months of September and October, when all the world here is dolled in autumn colors, when fishing and hunting are at their best, when resorts and cottages are recovering from the rush of the summer season and are anxious to show special welcome to the belated tourist, hunter and fisherman who tours this way over excellent roads or travels by railway.

Although half the width of a great continent intervenes between Brainerd, center of the state of Minnesota, and Atlantic City, and its internationally known boardwalk, bathing beach and superb hotel and resort system, many people in Brainerd and vicinity have visited Atlantic City during various conventions and others have spent their honeymoons there.

J. P. Anderson, shop superintendent of the Northern Pacific railway at Brainerd, accompanied by his wife attended a railway convention held on the steel pier. The Dispatch man and his wife were at the Elks national convention. Union men of Brainerd have attended conventions in Atlantic City.

Brainerd people appreciate the beauties of Atlantic City, and that means sky and ocean, boardwalk and shops, beach and hotels, etc., and they are glad too when a big, national paper like the Atlantic City Gazette-Review will give space to referring to the advantages of a short sojourn in the Brainerd Lake Region, the diadem of the Minnesota's incomparable 10,000 lakes system.

We thank you, Mr. Smith.

\$40,000 TO CASH FOR JAPANESE TRIP

New Brunswick, N. J., Oct. 5.—Rev. Edward Wheeler Hall, slain pastor, whose body together with that of Mrs. Eleanor Mills, pretty choir leader, was found September 16, had \$40,000 in negotiable securities in a safety deposit vault ready to cash for a trip to Japan, authorities learned today.

Investigations, the body was disinterred and an autopsy performed which revealed he had been stabbed with a dagger and struck on the head with a blunt instrument.

Physicians reported that suicide was impossible. "It is impossible for us to touch the woman in the case now," said Detective Wilson.

MUDANIA PEACE CONFERENCE HAS APPARENTLY ACHIEVED A SUCCESS

(By United Press.)

Constantinople, Oct. 5.—The Mudania peace conference apparently has achieved remarkable success in solving the difficult preliminary problems of the Near East.

Official announcement of the signing of a protocol providing for the return of the Turks to eastern Thrace coincidently with their withdrawal from the neutral zone near the straits, was momentarily expected here.

The way has been paved for a final conference at which Mustapha Kemal and allied leaders will agree upon disposition of the disputed Near East territories and the threat of a holy war removed.

The turning point in the secret parley at Mudania came when allied representatives were convinced that the Turks were definitely decided to return to eastern Thrace for peaceful occupation of their former territory.

When they considered this point, the Kemal representatives became immediately conciliatory and agreed not only to withdrawal of their troops from the neutral zones east of the straits, but to the proposal that the Turkish forces should not enter Thrace until after the final peace conference.

The allies are to remain in control of Thrace from which the Greeks will be requested to withdraw until a sound Turkish administration can be set up. It is estimated that this will take a month. One stumbling block appeared—Greek opposition to the plan. Venizelos at London, and certain influential leaders at Athens have accepted the premise that Greece must give up eastern Thrace. A wave of artificial fervor has swept many Greek extremists to arms with the battle cry of fighting to the last man to retain their present hold on what was formerly Turkey in Europe.

British Cabinet Takes Up Harrington Report

London, Oct. 5.—British cabinet was summoned at 4:30 this afternoon to hear General Harrington's report of the Mudania conference, where it is understood an agreement has been reached averting war.

GREAT WESTERN ROAD SIGNS PEACE PACT WITH SHOP STRIKERS

Chicago, Oct. 5.—The Chicago Great Western railroad has settled the strike of its shopcrafts, it has been learned. Officials of the road said the agreement was not the Baltimore peace plan adopted recently by the unions.

300 Minneapolls Men to Go Back

Minneapolis, Oct. 5.—Three hundred men are to go back to work Thursday in the Minneapolls shops of the Great Western, roundhouse foremen said. No instructions have yet been issued as to what is to be done in the case of men employed since the walkout. About 100 new men are at work in the shops, according to the report made to the general superintendent's office. The plant has been operating on a basis approximately 50 per cent normal since the strike began.

DESTRUCTIVE CANADIAN FIRES ARE REPORTED

Toronto, Ill., Oct. 5.—Destruction of at least a large part of the town of Haileyburg, five miles northeast of Cobalt, of the silver mining center, known as north Cobalt, and of various other small communities along the Temiskaming and Northern Ontario railway between Dane and Cobalt, a stretch of about fifty miles, has been routed by what is believed to have been the most destructive fire northern Ontario has known.

Owing to the almost complete collapse of wire communications between Cobalt and North Bay, it is not possible to get a clear idea of the extent of the disaster, but it is estimated that the property loss will run into millions of dollars.

Official circles were optimistic, expressing belief that the war clouds in the Near East have been definitely dispelled.

Menace to Constantinople

Constantinople, Oct. 5.—Turkish cavalry has just entered the city of Kandara, adjacent to the Ismid neutral zone, and the move is regarded with alarm here as constituting a menace to Constantinople. It is considered that Kemal has ordered the move to intimidate the allies.

Greece Calls to Colors

Athens, Oct. 5.—The torch of war was carried through the streets of Athens today as volunteers of all ages and classes crowded recruiting offices in answering a call to arms to fight to retain Thrace for Greece.

Indignation stirred by fanatical speakers ran high upon reports that the Mudania conference had decided upon Grecian evacuation of Thrace and the handing over of a portion of Europe to the Turks.

A report spread that Mustapha Kemal had again started a conscription of troops in Asia Minor. It was also reported that Venizelos had counseled the Greek cabinet not to evacuate Thrace. Neither of these reports were confirmed.

London, Oct. 5.—The British cabinet met at 5 o'clock this afternoon after an important dispatch from General Harrington at Mudania had been received.

Plague Breaks Out in Constantinople

Constantinople, Oct. 5.—Plague has broken out in Constantinople, which is crowded with Christians who have come from Asia Minor. Six cases were reported, four of which have proved fatal.

Kemal's Proposal

Constantinople, Oct. 5.—Mustapha Kemal proposed to the allies that a peace conference be held at Smyrna, October 20, with Soviet Russia participating.

WAVES 50 FEET HIGH SWEEP DECKS AND CARRIED AWAY WIRELESS, ETC.

(By United Press.)

New York, Oct. 5.—Saved from a collision in mid ocean with another 10,000 ton Atlantic liner, the Red Star liner Cotherland safely brought 400 passengers into port who were today telling of their thrilling experiences in a 42 hour hurricane during which the ship rolled helpless at the mercy of the seas.

It was the same hurricane which damaged the Aquitania.

Waves 45 to 50 feet high swept the decks of the Cotherland, and carried away the wireless apparatus and deck equipment.

The wind blew 85 to 100 miles an hour, according to the ship's crew. While the Cotherland pitched helplessly from the fifty foot waves, the Atlantic transport Menominee was sighted less than a mile away, and bearing down upon the Cotherland. Immense waves prevented the lookouts from sighting each other before. Oil was poured on the waters, and the sea board engines of the Cotherland swung it out of the course of the drifting Menominee. The two passed less than 200 feet apart.

\$40,000 TO CASH FOR JAPANESE TRIP

New Brunswick, N. J., Oct. 5.—Rev. Edward Wheeler Hall, slain pastor, whose body together with that of Mrs. Eleanor Mills, pretty choir leader, was found September 16, had \$40,000 in negotiable securities in a safety deposit vault ready to cash for a trip to Japan, authorities learned today.

Investigations, the body was disinterred and an autopsy performed which revealed he had been stabbed with a dagger and struck on the head with a blunt instrument.

Physicians reported that suicide was impossible. "It is impossible for us to touch the woman in the case now," said Detective Wilson.

MUDANIA PEACE CONFERENCE HAS APPARENTLY ACHIEVED A SUCCESS

(By United Press.)

Constantinople, Oct. 5.—The Mudania peace conference apparently has achieved remarkable success in solving the difficult preliminary problems of the Near East.

Official announcement of the signing of a protocol providing for the return of the Turks to eastern Thrace coincidentally with their withdrawal from the neutral zone near the straits, was momentarily expected here.

The way has been paved for a final conference at which Mustapha Kemal and allied leaders will agree upon disposition of the disputed Near East territories and the threat of a holy war removed.

The turning point in the secret parley at Mudania came when allied representatives were convinced that the Turks were definitely decided to return to eastern Thrace for peaceful occupation of their former territory.

When they considered this point, the Kemalist representatives became immediately conciliatory and agreed not only to withdrawal of their troops from the neutral zones east of the straits, but to the proposal that the Turkish forces should not enter Thrace until after the final peace conference.

The allies are to remain in control of Thrace from which the Greeks will be requested to withdraw until a sound Turkish administration can be set up. It is estimated that this will take a month. One stumbling block appeared—Greek opposition to the plan. Venizelos at London, and certain influential leaders at Athens have accepted the premise that Greece must give up eastern Thrace. A wave of artificial fervor has swept many Greek extremists to arms with the battle cry of fighting to the last man to retain their present hold on what was formerly Turkey in Europe.

British Cabinet Takes Up Harrington Report

London, Oct. 5.—British cabinet was summoned at 4:30 this afternoon to hear General Harrington's report of the Mudania conference, where it is understood an agreement has been reached averting war.

GREAT WESTERN ROAD SIGNS PEACE PACT WITH SHOP STRIKERS

Chicago, Oct. 5.—The Chicago Great Western railroad has settled the strike of its shopcrafts, it has been learned. Officials of the road said the agreement was not the Baltimore peace plan adopted recently by the unions.

300 Minneapolis Men to Go Back

Minneapolis, Oct. 5.—Three hundred men are to go back to work Thursday in the Minneapolis shops of the Great Western, roundhouse foremen said. No instructions have yet been issued as to what is to be done in the case of men employed since the walkout. About 100 new men are at work in the shops, according to the report made to the general superintendent's office. The plant has been operating on a basis approximately 50 per cent normal since the strike began.

DESTRUCTIVE CANADIAN FIRES ARE REPORTED

Toronto, Ill., Oct. 5.—Destruction of at least a large part of the town of Halleyburg, five miles northeast of Cobalt of the silver mining center, known as north Cobalt, and of various other small communities along the Temiskanning and Northern Ontario railway between Dane and Cobalt, a stretch of about fifty miles, has been routed by what is believed to have been the most destructive fire northern Ontario has known.

Owing to the almost complete collapse of wire communications between Cobalt and North Bay, it is not possible to get a clear idea of the extent of the disaster, but it is estimated that the property loss will run into millions of dollars.

Official circles were optimistic, expressing belief that the war clouds in the Near East have been definitely dispelled.

Menace to Constantinople

Constantinople, Oct. 5.—Turkish cavalry has just entered the city of Kandara, adjacent to the Ismid neutral zone, and the move is regarded with alarm here as constituting a menace to Constantinople. It is considered that Kemal has ordered the move to intimidate the allies.

Greece Calls to Colors

Athens, Oct. 5.—The torch of war was carried through the streets of Athens today as volunteers of all ages and classes crowded recruiting offices in answering a call to arms to fight to retain Thrace for Greece.

Indignation stirred by fanatical speakers ran high upon reports that the Mudania conference had decided upon Grecian evacuation of Thrace and the handing over of a portion of Europe to the Turks.

A report spread that Mustapha Kemal had again started a conscription of troops in Asia Minor. It was also reported that Venizelos had counseled the Greek cabinet not to evacuate Thrace. Neither of these reports were confirmed.

British Cabinet in Session

London, Oct. 5.—The British cabinet met at 5 o'clock this afternoon after an important dispatch from General Harrington at Mudania had been received.

Plague Breaks Out in Constantinople

Constantinople, Oct. 5.—Plague has broken out in Constantinople, which is crowded with Christians who have come from Asia Minor. Six cases were reported, four of which have proved fatal.

Kemal's Proposal

Constantinople, Oct. 5.—Mustapha Kemal proposed to the allies that a peace conference be held at Smyrna, October 20, with Soviet Russia participating.

RED STAR LINER DODGES HURRICANE AND COLLISION TOO

PASSENGERS ON 10,000 TON LINER "COTHLAND" HAD THRILLS IN PLENTY

WAVES 50 FEET HIGH SWEEP DECKS AND CARRIED AWAY WIRELESS, ETC.

(By United Press.)

New York, Oct. 5.—Saved from a collision in mid ocean with another 10,000 ton Atlantic liner, the Red Star liner Cothland safely brought 400 passengers into port who were today telling of their thrilling experiences in a 42 hour hurricane during which the ship rolled helpless at the mercy of the seas.

It was the same hurricane which damaged the Aquitania.

Waves 45 to 50 feet high swept the decks of the Cothland, and carried away the wireless apparatus and deck equipment.

The wind blew 85 to 100 miles an hour, according to the ship's crew. While the Cothland pitched helplessly from the fifty foot waves, the Atlantic transport Menominee was sighted less than a mile away, and bearing down upon the Cothland. Immense waves prevented the lookouts from sighting each other before. Oil was poured on the waters, and the sea board engines of the Cothland swung it out of the course of the drifting Menominee. The two passed less than 200 feet apart.

EIGHTY-THREE ROADS SETTLE SHOP STRIKE

Chicago, Oct. 5.—Eighty-three railroads of the United States, operating approximately 65,000 miles of line and employing between 125,000 and 130,000 members of the federated shopcrafts have settled their shopcrafts' strike with their system federations, according to a special bulletin sent today to all members of the organization over the signature of B. M. Jewell, president.

The latest additions to the settling roads were the Fort Smith and western, the Georgia, Florida and Alabama and the Chicago Great Western.

Replying to numerous requests for an interpretation of the Baltimore plan, upon which the strike leaders claim the settlements have been made, the circular states three reasons actuated the executives in accepting this agreement basis. It gives first, a split in the Amreican or railway executives' association—on group agreeable to a settlement and the "other bent on destroying these organizations," second, willingness of the liberal group to negotiate national agreements and lay down a basis for settlements on other roads; third, that no justification could be found for keeping 125,000 men on strike who could return to work and assist in financing those who remain in the idle list.

Justification for the action of the policy committee, the circular states is seen in the fact that 31 other carriers, in addition to the original 52 have agreed to the Baltimore plan.

Non-Stop Flight on From San Diego to New York

(By United Press)
 San Diego, Calif., Oct. 5.—Lieutenants John MacReady and Oakley Kelly took off from Rockwell field army service station here at 5:56 a. m. today on a non-stop flight to New York. The aviators were using a special type of plane.

Shortly after 9 a. m. the plane was seen returning to Rockwell field flying over San Diego. It was believed the aviators had been unable to get across the mountains with the heavy load, and had been forced to return.

RETURNED TO BRAINERD

Rev. E. A. Cooke Continues in Brainerd Pastorate for Another Year

Rev. and Mrs. E. A. Cooke have returned from Chisholm, Minnesota, where they attended the conference of the Duluth district of the Methodist church. Friends of Mr. and Mrs. Cooke will be very glad to know that the reverend has been returned to the Brainerd pastorate for another year.

Rev. Cooke has been in charge of the First Methodist church for the four years past, and his being returned for another season is only one of the many evidences of his success and the esteem in which he is held by this congregation.

Other appointments in which Brainerd people will be interested, follow: Rev. A. H. McKee is again made superintendent of the Duluth district. Rev. J. A. Gear is returned to the Aitkin pastorate, Rev. J. E. Dower is sent to Crosby, Rev. W. A. Fleagle is appointed to the churches of Deerwood and Pequot, Rev. Arthur Dinadale is reappointed to Staples, and Rev. G. H. Zentz returned to Bemidji.

Rev. J. W. Lillico is the new pastor in Wadena, Rev. S. S. Farley is beginning his work at Little Falls, Rev. F. W. Hill, a former Brainerd pastor is again sent to Crookston, and Rev. Charles Fox Davis, also in charge of the local church at once time, is returned to Olivet. M. E. church, Minneapolis, and Rev. Harry Knowles goes to Breckenridge.

Rev. C. H. S. Koch, a missionary from India, who supplied the Brainerd church for nine months in 1915, is now in Silver City, New Mexico, where he is being treated at a sanitarium. His family recently joined him, and are residing in a cottage near the hospital. Rev. Koch hopes to regain his health and be able to resume his duties in the near future.

BUSINESS WOMEN SEEK NEW HALL

Brainerd Business & Professional Women's Club Decided in Favor of Koop Hall

ENTERTAINMENT COMMITTEE

New One for October to Be Drawn by the Executive Committee, Sunday Afternoon Teas Continued

The first meeting of the Brainerd Business & Professional Women's club this season was held at the Chamber of Commerce Tuesday evening, President Islay McColl presiding.

The matter of securing larger and more suitable club rooms was brought up, and after some discussion regarding available rooms, a decision was made in favor of the Koop hall over the Brainerd State bank. These quarters are large enough for informal dances, parties and other entertainments, and can be made very attractive for club use.

Club Dues

A discussion of club dues followed. Extracts from the "Independent Woman" magazine were read, bringing out much of interest regarding the manner in which other clubs are handling this important item. Yearly dues for the Brainerd club were placed at \$5 with an entrance fee of \$1.50 in addition, for new members. The \$5 yearly dues includes both state and national association levies.

The entertainment committee for October will be drawn by the executive committee, and the members notified this week. The Sunday afternoon teas will be continued during the winter, hostesses for October will be announced later.

May Have Year Book

The program committee, of which Miss Harriett Engsborg is chairman, will meet soon to plan for the coming months activities. A year book may be outlined, and if the club desires, all members will be given copies which will contain the year's program.

Standing Committees

The standing committees were announced, and are as follows: publicity, Mary Tornstrom, chairman; finance, Mrs. Milkes, chairman; membership, Hazel Robinson, chairman; flowers, Edna Walinder, chairman; program, Harriett Engsborg, chairman; purchasing, Islay McColl, chairman. The chairman of the house committee for October will be Miss Mayme Scallon. This committee will have new members each month and much good natured rivalry will no doubt result, as each committee is expected to leave the club rooms definitely improved in some manner.

A Generous Offer

Miss Ruth Willson made a generous offer of the use of her piano in the club rooms. This, with the purchase of a Victrola and records will provide pleasant means of entertainment. It is hoped that a clock will also be provided, preferably one of an eight-day variety.

Reports on State Convention

Miss Mary Walsh, delegate from Brainerd club to the state convention in Duluth, gave a very interesting impromptu talk last evening on what had been accomplished at this convention. Miss Walsh was on the program, together with Miss Katherine King, of Austin, and Miss Lettie Fellows, of Albert Lea, their papers on "Club Activity" receiving much favorable mention and comment.

Girl Scouts

Girl Scouts were in attendance as guides and aids at the convention, while the Kiwanis Club, the Tide-water Association, the Lions Club and the Rotary Club, all joined in hearty welcome and helped in many ways to add to the pleasure and success of the convention. The address of welcome from the Rotary club of Duluth contained the following:

"Whenever there is a great need of anything, there is an unusual opportunity for success. Rotary recognizes the great need of women in business. The Rotary club of Duluth, therefore, is quite proud to welcome the Minnesota Federation of Business & Professional Women's club to our city."

Class Work Contemplated

It is the intention of the Brainerd club to have classes in basketry, stenciling and decorative work, bridge and also gymnasium work, these classes to start in the very near future. The idea is proving very popular, and large numbers of the members are signing up for one or more of the classes. Names of the instructors and the hours of classes will be given out later.

Six New Member

Six new members were taken in the club at the Tuesday meeting, be-

"While Europe Prays for Peace, All I See Is War," Says Ibanez

No Way

Vicente Blasco Ibanez
Writes impressions of European trip.

"I DO not see peace in this Europe that is constantly meeting to look for it. Europe thinks it is to be won by words, but, in the thought behind the words, Europe has not even the faintest semblance of any truly Christian feeling."

In these sentences Vicente Blasco Ibanez, the distinguished author of "The Four Horsemen of the Apocalypse," has summed up the impressions of his recent European visit in a special article written for the September issue of Hearst's International Magazine.

"With all its diplomatic conferences and meetings for the maintenance of peace," Mr. Ibanez states, "Europe resembles an enormous ship striving in spite of its broken mast to ride the storm. The only thing noticeable in these meetings held by a restless Europe is the fear of war."

"Yet each representative there is doing all within his power to

bring war about. Everyone affirms that he desires peace. But each one wants peace on his own terms with special provision for his own convenience. With a whole series of truths each one supports his own particular peace project. As a matter of fact there are as many truths as there are interests."

"For this reason just as long as men try to establish peace on truth, and not on sacrifice and mutual self abnegation, we shall be doomed to war."

"The nations take their seats at conference tables in much the same fashion as do the uncouth riders of certain South American desert lands who sit down to talk and drink at the tavern table, all the while keeping their revolvers in their belts, a finger on the holster. Suddenly there is a general flare-up and everyone is firing at everyone else, while no one exactly knows who began the fracas."

Royal Neighbors

The Royal Neighbors will hold their first meeting in the Elks hall on Friday evening. After the business session, the lodge will celebrate with a general social time. All are invited and urged to attend.

Fireside Club

The Fireside club of the Norwegian-Danish Lutheran church will meet Friday evening at the home of Paul Dybvik, 1420 E. Oak street. All members are asked to make a special effort to be present.

LENGTHENING THE TOURIST SEASON

To Cover Autumn Months of September and October Discussed in Full at the

LIONS WEEKLY LUNCHEON

Mons Mahlum Urged Club to Go On Record Supporting Chamber Commerce and Dispatch Movement

The matter of lengthening the tourist season in this section to cover September and October, was discussed at length at the weekly luncheon of the Lions club Wednesday evening.

Lion Mons Mahlum spoke at length on this subject, stating that tourists were still visiting the Minnesota lakes in large numbers, and that the club should go on record as supporting the movement of the Chamber of Commerce and the Dispatch in having the autumn months recognized as ideal months for coming to the lake country. The Lions club will show their faith in this movement in a financial way as well as lending their moral support.

It is interesting to note, in this connection, the stand that the Minneapolis Lions are taking in regard to autumn tourists. An article in the Minneapolis Journal for Tuesday, tells of the wonderful possibilities of what the Journal terms the "Minnesota Motorist Industry," as outlined before the Minneapolis Lions by Perry Williams, travel bureau manager.

Mr. Williams takes the stand that this state has been neglecting a crop or industry with an immediate potential value of one million dollars annually, because our great resort section of 10,000 lakes has not been advertised to its maximum and the whole country told of Minnesota's great playground.

The speaker urged the Lions to appoint a committee to interest itself in furthering the tourist business, and co-operate with other civic organizations in furthering this movement which has a financial value far beyond estimation.

Mr. Mahlum also brought up the matter of grading and paving the highway between Brainerd and Little Falls next summer. It had been rumored that such a road would have to be graded one season, allowed to settle, and then paved the next year. County Engineer Walter M. Murphy explained that such procedure would not be necessary on this particular stretch of highway, and that both the grading and the paving could be finished in one operation, as was the four miles of Oak street paved.

John Kregelberg spoke of the work Staples is doing in trying to bring the paving from Little Falls to that city next season, instead of allowing it to come to Brainerd as this city hopes and plans that it will do. Another committee of business men from Staples were in St. Paul again last week, conferring with Commissioner Babcock, and claim to have his promise that their requests will have first attention with the opening of the paving season next year.

Upon motion made and seconded, the Lions club will appoint a committee to work with the Chamber of Commerce in an effort to raise the level of the lakes in this section, which are at a lower mark than they have been in a number of years.

Walter Murphy spoke on several projects which could be used in bringing the lakes up to their normal stage, and by working with the county and state officials, it would be possible to put into force a plan for accomplishing much in this direction.

V. L. Hitch spoke on the matter of assisting the local committee in charge of preparations for attending the National Dairy Show to be held at the state fair grounds October 7th to 14th. The Lions will assist in procuring sufficient automobiles for transporting the farmers from this community, who wish to attend the show, and have no other means of transportation.

One of the features of the Wednesday luncheon was a sox shower given during the meeting to Lion R. D. Stitzel, the newlywed in the club, whose marriage occurred since the last club meeting. Mr. Stitzel was presented with a large number of sox of all varieties for all occasions, the stocking being hung on a clothesline with appropriate verses attached, and the newlywed benedict was required to take in this "washing" reading the verses the while, much to the amusement of the other members.

At the close of the meeting, the Lions orchestra lead the club in re-

hearsing a number of new songs, to be used in the musical part of the luncheon program.

For Miss Marie Koop

Miss Bertha Mahlum entertained twelve young ladies at a one o'clock luncheon at her home, Wednesday afternoon, in honor of Miss Marie Koop, bride-to-be of this month.

The color scheme was carried out in pink and lavender. The flowers used being roses and asters.

A corsage bouquet of lavender sweet peas and pink roses was the favor at the honor guest's plate.

Dancing Party

Mr. and Mrs. M. H. Nelson entertained their friends at a dancing party Saturday evening at their summer home on Gull lake.

The cottage was prettily decorated with autumn leaves and Japanese lanterns. A bountiful repast was served at the close of the evening, and the guests departed, all vowing Mr. and Mrs. Nelson as most delightful entertainers.

Newer Form of Iron Quickly Increases "Pep" Strength and Energy

"You cannot be well and strong and full of vigor, force, and power unless your blood is rich in iron," says Dr. James Francis Sullivan formerly physician Bellevue Hospital (Out-Door Department), New York, and the Westchester County Hospital. "It is your red blood that enables you to resist and overcome disease and that nourishes every organ in your body. Without iron your blood becomes thin, pale, and watery. Poor blood cannot nourish your vital organs and as a result you may have pains in your heart or kidneys, indigestion, headaches, and feel all run-down and tired-out."

When your blood lacks iron do not waste your time taking stimulating medicines or narcotic drugs, but directly enrich your blood with the newer form of iron sold by all druggists under the name of Nuxated Iron which is like the iron in spinach, lentils, and apples and is in a form easily assimilated into your blood.

Get a bottle of Nuxated Iron today. Take it for two weeks and if you have not, like thousands of others, obtained most surprising health, strength and energy, the manufacturers will promptly refund your money. The following local druggists will sell you "Nuxated Iron" with this "satisfaction or money back" guarantee. Johnson's Pharmacy.

SKIN DISEASE

Any skin disease such as acne, eczema, psoriasis, etc., is very unpleasant, but if the organs of elimination are working properly there will be no skin disease. If there is subluxation (displacement) of the vertebrae (small bones of the spine), causing nerve pressure and preventing the vital force from flowing freely to the kidneys, the latter will not function properly and the excretion will be thrown off by the pores of the skin, causing eczema and similar disorders. BUSINESS WOMEN SEEK NEW HALL

Brainerd Business & Professional Women's Club Decided in Favor of Koop Hall

ENTERTAINMENT COMMITTEE

New One for October to Be Drawn by the Executive Committee, Sunday Afternoon Teas Continued

The first meeting of the Brainerd Business & Professional Women's club this season was held at the Chamber of Commerce Tuesday evening, President Islay McColl presiding.

The matter of securing larger and more suitable club rooms was brought up, and after some discussion regarding available rooms, a decision was made in favor of the Koop hall over the Brainerd State bank. These quarters are large enough for informal dances, parties and other entertainments, and can be made very attractive for club use.

Club Dues

A discussion of club dues followed. Extracts from the "Independent Woman" magazine were read, bringing out much of interest regarding the manner in which other clubs are handling this important item. Yearly dues for the Brainerd club were placed at \$5 with an entrance fee of \$1.50 in addition, for new members. The \$5 yearly dues includes both state and national association levies.

The entertainment committee for October will be drawn by the executive committee, and the members notified this week. The Sunday afternoon teas will be continued during the winter, hostesses for October will be announced later.

May Have Year Book

The program committee, of which Miss Harriett Engsborg is chairman, will meet soon to plan for the coming month's activities. A year book may be outlined, and if the club desires, all members will be given copies which will contain the year's program.

Standing Committees

The standing committees were announced, and are as follows: publicity, Mary Tornstrom, chairman; finance, Mrs. Milkes, chairman; membership, Hazel Robinson, chairman; flowers, Edna Walinder, chairman; program, Harriett Engsborg, chairman; purchasing, Islay McColl, chairman. The chairman of the house committee for October will be Miss Mayne Scallon. This committee will have new members each month and much good natured rivalry will no doubt result, as each committee is expected to have the club rooms definitely improved in some manner.

A Generous Offer

Miss Ruth Willson made a generous offer of the use of her piano in the club rooms. This, with the purchase of a Victrola and records will provide pleasant means of entertainment. It is hoped that a clock will also be provided, preferably one of an eight-day variety.

Reports on State Convention

Miss Mary Walsh, delegate from Brainerd club to the state convention in Duluth, gave a very interesting impromptu talk last evening on what had been accomplished at this convention. Miss Walsh was on the program, together with Miss Katherine King, of Austin, and Miss Lettie Fellows, of Albert Lea, their papers on "Club Activity" receiving much favorable mention and comment.

Girl Scouts

Girl Scouts were in attendance as guides and aids at the convention, while the Kiwanis Club, the Tide-water Association, the Lions Club and the Rotary Club, all joined in hearty welcome and helped in many ways to add to the pleasure and success of the convention. The address of welcome from the Rotary club of Duluth contained the following:

"Whenever there is a great need of anything, there is an unusual opportunity for success. Rotary recognizes the great need of women in business. The Rotary club of Duluth, therefore, is quite proud to welcome the Minnesota Federation of Business & Professional Women's club to our city."

Class Work Contemplated

It is the intention of the Brainerd club to have classes in basketry, stenciling and decorative work, bridge and also gymnasium work, these classes to start in the very near future. The idea is proving very popular, and large numbers of the members are signing up for one or more of the classes. Names of the instructors and the hours of classes will be given out later.

Six new members were taken in the club at the Tuesday meeting, be-

Vicente Blasco Ibanez
Writes impressions of European trip.

"I DO not see peace in this Europe that is constantly meeting to look for it. Europe thinks it is to be won by words, but, in the thought behind the words, Europe has not even the faintest semblance of any truly Christian feeling."

In these sentences Vicente Blasco Ibanez, the distinguished author of "The Four Horsemen of the Apocalypse," has summed up the impressions of his recent European visit in a special article written for the September issue of Hearst's International Magazine. "With all its diplomatic conferences and meetings for the maintenance of peace," Mr. Ibanez states, "Europe resembles an enormous ship striving in spite of its broken mast to ride the storm. The only thing noticeable in these meetings held by a restless Europe is the fear of war."

"Yet each representative there is doing all within his power to

bring war about. Everyone affirms that he desires peace. But each one wants peace on his own terms with special provision for his own convenience. With a whole series of truths each one supports his own particular peace project. As a matter of fact there are as many truths as there are interests."

"For this reason just as long as men try to establish peace on truth, and not on sacrifice and mutual self abnegation, we shall be doomed to war."

"The nations take their seats at conference tables in much the same fashion as do the uncouth riders of certain South American desert lands who sit down to talk and drink at the tavern table, all the while keeping their revolvers in their belts, a finger on the holster. Suddenly there is a general flare-up and everyone is firing at everyone else, while no one exactly knows who began the fracas."

Royal Neighbors

The Royal Neighbors will hold their first meeting in the Elks hall on Friday evening. After the business session, the lodge will celebrate with a general social time. All are invited and urged to attend.

Fireside Club

The Fireside club of the Norwegian-Danish Lutheran church will meet Friday evening at the home of Paul Dybvik, 1420 E. Oak street. All members are asked to make a special effort to be present.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness

Almost every one knows that Sage Tea and Sulphur, properly compounded, bring back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

A NEW STANDARD OF EDUCATION

PRESIDENT LOTUS D. COFFMAN, of the University of Minnesota, in addressing the first all-university convocation of the 56th college year, presented a new standard of education.

President Coffman was interested in pointing out just what the real values of education are, and in showing that education in a democracy must cease to be restricted in its scope if the foundations of such a democracy are to remain secure. He suggested that, "If the chief object of government is to promote civil order and social ability," an educational "system that stands primarily for the education of alleged leaders" cannot be vindicated. Universities are no longer out to produce "an aristocracy of brains" but exist to prepare large masses of students to take their places in the world and fill such places successfully.

Away back in the earlier days of American history the South had certain high educational standards, and offered an education to those in a position to afford it, which produced a splendid leadership but left the larger number untouched by its influence. At the same time the educational ideal of the Pilgrims and their descendants led to the diffusion of education in the New England states with the result that the people of that part of the country were generally well educated. In one case there was a successful attempt to provide an "aristocracy of brains," while in the other the aim was to promote the education of the larger number. The southern states did prepare leaders, the ablest leaders of that day; and the New England states produced a citizenship that was worthy, because of the advantages of knowledge that were made possible to them.

Brains are not the property of any one class, and the possession of the wherewithal to secure a higher education does not guarantee that the product will be of special value to the race. H. G. Wells has called attention to the fact that many a great man may be lost to his generation, because he has not received the inspiration to achievement that comes through education, or the training that would bring out the latent possibilities of his untutored mind.

The government of the United States is not safe when millions of those who have the right to vote, and by their exercise of the franchise determine the important questions that come before the people of this mighty land, have not sufficient education to prepare them to intelligently consider and wisely decide the issues that confront the country.

Strong leadership is a requirement of any nation, but given such leadership is no assurance that the people will at all times respond unless they are qualified to think clearly upon the matter presented to them for their decision by such able leadership.

An educational system that offers a liberal education to every man, because he is a man and an American citizen, will uncover men of splendid ability who without this opportunity would remain buried in mediocrity. In the attempt to produce supermen lies the hope of discovering the superman. Leadership in American affairs has not always gone to those who were so fortunately circumstanced that education was forced upon them by the society in which they walked. Lincoln was one of those who caught the gleam and despite obstacles marched to success and displayed the genius of a master mind. But there are many others who do not see the star in time to make a success of hitching their wagon to it, and who, starting late, never get near enough the star to hitch up to it.

The security of our democratic institutions awaits the diffusion of education until even those who have been unfortunate in choosing their parents, who are unable to provide a higher education for them, will have an opportunity of securing a higher education which will fit them for citizenship.

AMERICA AND EUROPE'S FLIGHT

STEP by step President Harding is traveling towards a more practical and helpful attitude of the United States to the grave problems with which the European nations are struggling.

There is much to be said in favor of America keeping aloof from the political involvements which are forever causing trouble at the other side of the Atlantic. But the arguments that may be used in supporting such a policy of neutrality with regard to the vexed political questions of Europe, hidden as these are behind the doors that close on diplomats working in secret, cannot be used to hold America away from a contribution to the reconstruction of those nations.

There are times when economic advantage and benevolent purpose go hand in hand. At such times helpfulness, taking the form of financial aid to tide a nation or a number of nations over an emergency, gives the promise of gain tomorrow. President Harding has seen that such a time is now, and that the call of the nations to America to give aid in solving the problems resulting from the war "can not be denied."

The nation that refused to accept an indemnity when the Boxer uprising in China had been suppressed and America was entitled to compensation, can not forever stand aside when the nations of Europe are engulfed in seas of trouble which might be quieted if America would pour oil upon the troubled waters. In taking this course there will be a bill for the oil that is used, but the ship will be saved, and in time the ship will more than compensate for the oil poured upon the waters for the purpose of quieting the storm to save the ship.

President Harding, in making such an appeal for cooperation in solving the involved problems of Europe, was speaking to bankers, and his appeal was not addressed to their generosity alone but also to their sagacity. America can never hope to come to that stage of general prosperity that would ensue from a world able to buy the produce of our land and the products of our factories until it has been made possible for the world to do just this. So long as Europe is in her present plight the prosperity of the United States is checked, and only by the road of reconstruction can this country come into her own. In attempting to bring Europe back to stability there is no need for this country to become entangled in European politics. The matter is not one of politics but of economics.

New York, Oct. 5.—"Better times" for American business are just ahead in the opinion of the representative bankers here for the convention of the American Bankers' association.

An air of confidence and optimism is apparent among the financial leaders. The belief is frequently expressed that with the industries of the nation no longer imperiled by nation-wide strikes, and with business conditions continuing their steady progress towards normal, the country is nearing its most prosperous period since the days of the war time inflation.

Bankers from the middle west say that the situation in the great agricultural region, which was hit hardest by the post war deflation, is slowly but steadily improving. They declare the federal government through the agencies of the farm loan, the war finance corporation and the federal reserve board has enabled the banks to extend loans to farmers who were caught in financial difficulties because of declining prices. Many of the middlewestern bankers suggested that freight rates on farm products should be reduced further. Bankers from the manufacturing regions point out that the twin rail and coal strikes tended to halt production and this will insure a

OTHER PEOPLES' OPINIONS

PLEADS FOR PUBLIC SPEAKING COURSE

Editor of the Dispatch:

Just a little more space, please. The committee appointed to secure signatures for the Public Speaking Course are quite a long way from Tipperary and there are only two days left in which to settle the matter of University Extension work in this city.

May we say for the benefit of everybody interested that we expect to have three classes, one for men, one for women and one a mixed class. These classes will meet at times most convenient for each group.

The general tendency is for the men to wish to be in a class by themselves. This of course is quite natural and proper, but people are not rushing to us with signatures, and it is evident that every prospective member must be satisfied if possible, as to time of meeting and class desired. Most of the women who have shown an interest in the (class) course, do not object to a mixed class. A few prefer one. It may appear that the old saying is true, "Woman was made after man and she has been after him ever since," but the real reason is, that big women realize the importance of the masculine viewpoint, and wish to see things from their angle of vision, and learn from them. Men have been leaders so long, that naturally it is more difficult for them to realize that correct vision is produced by the blending of masculine and feminine views. We can see better and farther with two eyes than with one.

Women's organizations often call upon able men to address them, but I believe it is a rare occurrence where an able woman has been invited to address a purely masculine audience. Why not?

Since there seems to be a demand for a mixed class, we hope that in order to satisfy everybody, some of the men will consent to enter this class. The big issue is, are we going to fail in this enterprise or are we going to win? It may mean the sacrifice of one's personal desires for the good of the community. There is no question but that increased intelligence works out municipal and individual problems better than a lack of it. Everybody will share either directly or indirectly in the growth which is inevitable when enough people in a community become "live wires". Is any man afraid to join a class? It is difficult to conceive of a man being "skeeered clean plum through". Is any woman afraid? We need fearless men and women in this day and age. We need balanced, persevering, broad-visioned leaders who know what they want to say and can say it effectively. "Lead on, MacDuff."

Vibration is destructive. It shortens the life of a car. It takes the pleasure out of riding because it causes rattles, squeaks and other irritating noises.

Vibration is particularly annoying in closed cars.

There is no perceptible period of vibration in the Studebaker Light-Six at any speed. This is due in part to Studebaker's method of machining the crankshaft and connecting rods on all surfaces. No other car, at anywhere near the price, follows this practice.

Lack of vibration and the quiet, smooth-running motor find quick approval from everyone who rides in the Light-Six Sedan.

A NEW STANDARD OF EDUCATION

PRESIDENT LOTUS D. COFFMAN, of the University of Minnesota, in addressing the first all-university convocation of the 56th college year, presented a new standard of education.

President Coffman was interested in pointing out just what the real values of education are, and in showing that education in a democracy must cease to be restricted in its scope if the foundations of such a democracy are to remain secure. He suggested that, "If the chief object of government is to promote civil order and social ability," an educational "system that stands primarily for the education of alleged leaders" cannot be vindicated. Universities are no longer out to produce "an aristocracy of brains" but exist to prepare large masses of students to take their places in the world and fill such places successfully.

Away back in the earlier days of American history the South had certain high educational standards, and offered an education to those in a position to afford it, which produced a splendid leadership but left the larger number untouched by its influence. At the same time the educational ideal of the Pilgrims and their descendants led to the diffusion of education in the New England states with the result that the people of that part of the country were generally well educated. In one case there was a successful attempt to provide an "aristocracy of brains," while in the other the aim was to promote the education of the larger number. The southern states did prepare leaders, the ablest leaders of that day; and the New England states produced a citizenship that was worthy, because of the advantages of knowledge that were made possible to them.

Brains are not the property of any one class, and the possession of the wherewithal to secure a higher education does not guarantee that the product will be of special value to the race. H. G. Wells has called attention to the fact that many a great man may be lost to his generation, because he has not received the inspiration to achievement that comes through education, or the training that would bring out the latent possibilities of his untutored mind.

LARGE CROP TAIL LIGHT OFFENDERS

Police Continue Harvesting Operations, and Seven More Brought Into Municipal Court

CHARGED WITH TAKING TREES
Adolph Mitchell Arraigned for Carrying on Logging Without Consulting Land Owners

In municipal court Thursday morning seven offenders answered to the charges of driving their automobiles without proper tail lights, and in each case a fine of \$2 was made.

The seven include Fred Dauling, William Olson, M. N. Richard, J. M. Rand, E. H. Ingmund, C. F. Nelson and O. Swelland. All were caught in the offense while driving in Northeast Brainerd Wednesday evening.

Adolph Mitchell, 17 years old, was arraigned in court on a charge of unlawfully cutting down standing trees on the Whiteley homestead and rolling them into the adjoining lake, where they were boomed and sold. The trees included 15 Norway pines and 31 Jack pines. The complaint was made by Frank A. Whiteley in behalf of the Whiteley estate.

The case will have to be continued pending an investigation being made into the age of young Mitchell. He was born in LaCrosse, Wisconsin, but the year of his birth, as given by his father conflicts with that, given by himself.

If Mitchell is under 18 years of age, his case will have to go before the juvenile court and be certified back to the municipal court for trial. The bail as set in this case is \$500 which was furnished.

Funeral of Harry Brooks
The funeral of the late Harry E. Brooks will take place on Friday afternoon at 3 o'clock from the family residence, 217 North Seventh street.

Mrs. Emma Murphy and son, E. R. Murphy, of Livingston, Montana, arrived on the early train this morning, to attend the funeral. Mrs. Murphy is a sister of Mrs. Brooks. Mr. and Mrs. Edgerton Brooks and child of Spokane, Wash. and Mr. and Mrs. Neil Brooks and child of Missoula, Montana, will arrive this evening. The Messrs. Brooks are sons of the deceased.

ST. MATHIAS
A number of friends called at the home of Mrs. Frank Koering Thursday afternoon and enjoyed a most delicious lunch, the occasion being her birthday.

Mrs. Frank Koering and son John and Mrs. Walter McComas motored to Pierz Friday.

Miss Helen Bossus returned home Saturday from Belle Prairie where she has been picking potatoes.

A number of young folks went to the Miller home Friday evening and enjoyed themselves by playing old fashioned games.

Miss Emily Mraz spent the week end in Brainerd with her parents.

Mrs. Bossus and Mrs. Gravel motored to Brainerd Friday.

Mr. and Mrs. J. E. Stuard and family and Homer Ayler spent Sunday with Mr. and Mrs. Gene Veillette.

Irving Girard of White Bear spent Sunday with his father-in-law Mederick Heroux.

Ralph Reid is repairing his house and building a new cement porch.

Miss Ophelia Veillette and Ray Fenstermacher motored to Little Falls Sunday.

Mr. Brown, Mr. Gravel, Telephone Perron, John Hellen and Frank Veillette were in Brainerd Monday.

The small son of G. R. Koering was injured Monday when a horse ran over him. No bones were broken but he was bruised quite badly.

Eather Eischman and Father Vander Holst are here assisting Father Tertogen during The Forty Hours of Devotion.

John Stucki is here visiting with his family at the home of his father-in-law, John Rogers.

ANNA DICKIE OLESEN ARDENT CAMPAIGNER

Experience as Lecturer Stands Her in Good Stead in Her Campaign For U. S. Senator

EDWARD INDREHUS ALSO SPOKE
Latter had Over-Strained His Voice and Audience Lost Many of His Arguments

The Democrats of Crow Wing county began their campaign on Wednesday, Oct. 4th, the issue being presented by Edward Indrehus, candidate for governor and Anna D. Olesen candidate for U. S. Senator.

Mr. Indrehus spoke to a splendid audience at the People's theatre in Crosby while Mrs. Olesen was giving a talk at Deerwood.

Mr. Indrehus ideas were well and plainly put and he endeavored to show his hearers what things needed particular attention in the interest of the people of the state.

After leaving Deerwood Mrs. Olesen came to Crosby and spoke from 5:45 till 6 o'clock. She has spoken in Crosby before and received a warm welcome there.

In the evening at Gardner auditorium Mrs. Olesen opened the program. She gave a very snappy, interesting talk and held the attention of her audience well. She is a good, plain, spirited talker, thoroughly conversant with her subject.

Many men were heard to remark after listening to her, that they hadn't thought a woman could so arrange her ideas upon such a subject. Mrs. Olesen has been 10 weeks upon the road, traveling in a Ford sedan given to her by the Women Voters of Minneapolis. She has averaged three speeches a day and her voice is in good condition and she has gained four pounds in weight. She has been well received every where with large audiences out to hear her and the one last night was no exception as a capacity house had assembled while the Brainerd Municipal band played a welcome.

Mr. Indrehus started to speak after Mrs. Olesen had finished but was so hoarse that he could not be distinctly heard, so made only a few remarks. He had been having a chill all evening despite the heat in the hall which was very great. He has been doing much out-of-door speaking at fairs and has overtaxed his voice.

Mrs. Olesen drove to St. Paul early this morning where she, with the other candidates for senatorship, will speak to the League of Women Voters convention assembled there.

ST. FRANCIS SCHOOL
Honor Roll Giving Names of Pupils Meriting Mention for Scholastic Work

For the month of September the St. Francis Catholic school names the following pupils as meriting honorable mention for efficient and excellent scholastic work:

Marian Liners, Lillian Bierhaus, Ella Sears, Mary Siegel, Martin Larkin, Lois Untereker, Donald McNamara and Margaret Meyers.

The highest average in the eighth grade was attained by Marian Liners; in the seventh grade by Lois Untereker.

An unusually large enrollment is reported this year, the eight class rooms being filled to capacity. During the next week interesting and instructive festivities commemorating "Riley Day" and "Columbus Day" are being held.

The faculty reports very excellent and worthwhile results for the first month of school.

Proposal for School Building at Twp. of Daggett Brook, Minnesota

Scaled proposals will be received at Brainerd State Bank by the school board of Common School, District No. 18, County of Crow Wing, State of Minnesota, until two p. m. (2 p. m.) October 12th, 1922 for the erection and completion of a school building on Sec. 14, Twp. of "Daggett Brook, R. 30, County of Crow Wing, Minnesota, without heating plant or metal for ducts. Bids must be accompanied by a certified check for four per cent (4%) of the amount of the bid, payable to the School Board of Common School, District No. 18, Crow Wing County, Minnesota, which check will be returned, when building contract is executed, or when said board does not accept the bid. The school board reserves the right to reject any or all bids.

Copies of plans and specifications of this building may be seen at Brainerd State Bank, Brainerd, Minnesota. BERTHA A. JAMES, Clerk, District No. 18, County of Crow Wing, Minnesota 28119

FILLING STATION BLUEPRINTS HERE

Building Proposed to be Erected by E C Bane on Corner of Laurel Sixth Streets

BEAUTIFUL BRICK AND STEEL
Spacious Driveways so Planned that Drivers Will Never Have to Back Out

The blueprints came today for the new filling station which is proposed by E C Bane to be built at the corner of Laurel and 6th streets. According to the plans, the building will be built of beautiful brick and steel, resembling very much a large brick block, with the exception that it will be open on two sides.

Two spacious driveways have been incorporated in the plans, so that the drivers will always face out and not have to back out as is necessary in the garages. There will be room for six cars in the station at one time, which will take care of all business that is waiting, and do away with the necessity of lining up in the street as is often necessary in other stations.

There will be a row of electric lights all around the eaves, and many dome lights, so that there will be a bright spot at this corner at night. There will be a ladies' rest room, office and sales room and many conveniences that the tourists will appreciate.

The spacious driveways from one street to the other, will take off some of the traffic at this corner, as the cars will cut the corner to be served with gasoline, and go out on the other street.

As to the safety of having a filling station on this intersection, it has been pointed out that there will be less danger resulting from a station of this character than from one in the middle of the block, where cars are going in and backing out at all times.

It will be remembered that a license was granted for a station this spring adjoining the 6th street school, and it does not appear to be dangerous for the school children at that corner.

Minneapolis, at the corner of 10th and Nicollet, has a large filling station, traffic being many times greater than at any corner in Brainerd. Other cities have similar stations at very busy corners, and it is shown that they are all conducted with no bad effect to traffic.

Bemidji has a large filling station just opposite the Markham hotel on one of that city's busiest corners, without interfering in any way with their traffic. No doubt Mr. Bane's proposed station would be an improvement for this corner.

May Explain Some Things.
There is no word in the Chinese language that conveys an intimation of what we term public spirit, nor is there any synonym for patriotism.

BIG TIME FOR TALL CEDARS FRIDAY NITE

Stage All Set for Festivities of the Ceremonial at the Ironton City Hall

A BIG DELEGATION IS GOING
Cars Leave Iron Exchange at 6:30 P. M., Carrying All Who Have No Means of Conveyance

The stage is all set, the axes sharpened, the saw mill ready, and all other preparations made for the big Tall Cedar ceremonial to be held at the Ironton City hall Friday evening. This will be the first of the season's activities, opening a big program for this winter's work and promises to eclipse anything further attempted by the lodge.

Tall Cedar Julius Nelson, of Pequot, was in the city today, and stated that his town will send a delegation, and several candidates for work in the forest. The range towns and Brainerd will furnish at least thirty saplings, and a number will be brought over from Aitkin, making a very large class for this ceremonial.

Grand Tall Cedar Al. Ebert wishes to have it emphasized that there will be plenty of conveyances provided for all who have no means of making the trip to Ironton. The automobiles will be at the 6th street entrance of the Iron Exchange building, ready to carry passengers shortly after six P. M., and all will leave from this central point promptly at 6:30.

Missionary Circle

The Missionary Circle of the First Baptist church will meet with Mrs. A. Angel, 424 South 7th street, on Friday afternoon. A full attendance is desired.

Police Continue Harvesting Operations, and Seven More Brought Into Municipal Court

CHARGED WITH TAKING TREES

Adolph Mitchell Arraigned for Carrying on Logging Without Consulting Land Owners

In municipal court Thursday morning seven offenders answered to the charges of driving their automobiles without proper tail lights, and in each case a fine of \$2 was made.

The seven include Fred Dauling, William Olson, M. N. Richard, J. M. Rand, E. H. Imgrund, C. F. Nelson and O. Swelland. All were caught in the offense while driving in North-east Brainerd Wednesday evening.

Adolph Mitchell, 17 years old, was arraigned in court on a charge of unlawfully cutting down standing trees on the Whiteley homestead and rolling them into the adjoining lake, where they were boomed and sold. The trees included 15 Norway pines and 31 Jack pines. The complaint was made by Frank A. Whiteley in behalf of the Whiteley estate.

The case will have to be continued pending an investigation being made into the age of young Mitchell. He was born in LaCrosse, Wisconsin, but the year of his birth, as given by his father conflicts with that given by himself.

If Mitchell is under 18 years of age, his case will have to go before the juvenile court and be certified back to the municipal court for trial. The bail as set in this case is \$500 which was furnished.

FANNING WITH ARRELL

McAULIFFE WAS THE REAL CHAMP

By HENRY L. FARRELL
United Press Sports Editor

New York, Oct. 5.—Jack McAuliffe, former lightweight champion of the old bare knuckle days, who is proud of his title as the only retired, unbeaten champion, is getting back in a war-like mood over stories printed in New York that he, his record and his title are the bunk.

"I was the recognized 133-pound champion for twelve years. I held the title longer, defended it more times and went through more finish fights than any other champion of any other class," Jack says in self-defense.

"When I started fighting in the professional ring in 1885 there were only four classes, the featherweight, lightweight, middleweight and heavyweight and the featherweight division didn't amount to much.

"There was no recognized world's lightweight champion until 1886, when I claimed the title after Jimmy Mitchell refused to fight. Edward Holske, a writer on the Boston Police News, gave me a belt to defend as the lightweight champion and I retained it by knocking out Bill Frazier in twenty-one rounds in Boston, Oct. 29, 1886.

"In 1887 Harry Gilmore, champion of Canada, came down with a belt supposed to be emblematic of the International lightweight championship. I fought Gilmore with skin gloves in Lawrence, Mass., on Jan. 14, 1887. In the twenty-eighth round he gave up with a broken nose and I was almost blinded. It was a tough fight and I won the belt.

"After the Gilmore fight, the Boston sports raised a purse of \$1,000 and gave me another belt to defend as the world's champion. The belt was stolen some years later out of my saloon in Brooklyn and was given to Jem Carney, the Englishman, who still holds it.

"Later in 1887 the Police Gazette presented me with a belt in recognition of the world's lightweight championship. I hooked the belt and put the money on Blue Wing in the Brooklyn Handicap and he was second by a whisker.

"The editor of the Police Gazette got the belt out of the pawnshop, had it done over and presented it to Terry McGovern. Sam Harris, who used to manage McGovern, still has the belt.

"I never kept track of the belts. Money used to go easily in those loose days and I was usually in need of cash, so I hooked them just as soon as I got them. When friends would ask to see them I would tell them that they were too valuable to carry around and that I had them locked up in the safe.

"When I retired in 1897, a big doings was arranged in the old Wallick Theatre. The late John L. Sullivan, master of ceremonies, was to announce my retirement and introduce Kid Lavigne as the next champion. He went through with a long speech and then turned to me and asked for the belt. I told him I would give it to him after the show. I was all dolled up in the full dress and I nearly had it torn off by Sullivan afterwards, when I handed Lavigne a hook ticket for the belt."

McAuliffe claims to have been the first champion under the Marquis of Queensbury rules in 1886 when he knocked out Frazier. He fought under both rules, making 133 pounds for the Queensbury rules and 135 under the old London prize ring rules.

"There were very few lightweights in those days who weighed less than 140 pounds. The biggest purse I ever had offered me was \$45,000 to meet Dick Burge at Coney Island. He weighed around 140 pounds and he refused to make 133 pounds so the fight was called off," McAuliffe says.

In defense of his four belts, McAuliffe fought a draw with Jem Carney in 1887; knocked out Sam Collier, England, in 1888; knocked out Jake Hyams in 1888; fought a draw with Billy Myers in 1889; knocked out Jimmy Carroll in 1890; won from Austin Gibbons in 1891 when the police stopped the fight and knocked out Billy Myers in 1892. He retired in 1897.

"Moran of the Lady Letty"

A dance on board the second finest yacht of the Pacific coast—scenes at a fashionable afternoon tea in San Francisco; a grand ball at a magnificent hotel—these are some of the scenes in "Moran of the Lady Letty" produced by George Melford for Paramount and to be shown at the Lyceum theatre last time tonight, which, while essentially a sea story, is nevertheless possessed by features quite foreign to the sea.

It is at the afternoon tea that the spectator first sees Rudolph Valentino, leading man, and learns that he is bored to extinction by the shallowness of society life.

Tom Mix in Unusual Role

Tom Mix, the dynamic Fox star, believes in giving his large and loyal public change as well as sensation in his photoplay. While each Mix picture has its distinctive tang of adventure, thrills and outdoor stuff there is always a pleasant change of locale and some new angle or interesting twist to the story. Even Mix himself endeavors to make each succeeding photoplay fresh and new by varying his role and character each time.

In his latest production, "The Fighting Streak," which comes to the Lyceum theatre Friday and Saturday Mix will be seen in a part such as he

never has played before—that of a brawny young blacksmith in a little western town. Through the medium of this character the story takes on novel color and interest, and it starts Mix off on a series of adventures that provide action every minute and give the famous Fox star another photoplay that is fairly packed with thrills and entertainment.

"In the Days of Buffalo Bill"

Do you know what those wonderful qualities were of Abraham Lincoln that endeared him to millions of people?

Do you know the circumstances under which President Lincoln was assassinated?

Do you know whether or not John Wilkes Booth met the fate deserved by an assassin?

Would you like to have seen the presidential inauguration of Andrew Johnson?

These historical events are only a few of those recorded by the camera for the big Universal chapter play in "In the Days of Buffalo Bill" which shows at the Lyceum theatre on Friday and Saturday.

The Trial of a Lawyer.

A successful Chautauqua lecturer, a prominent attorney in his own city, has for years entertained large audiences with the lecture, "The Trial of Jesus From a Lawyer's Standpoint." Recently he listened to the following diverting introduction from the lips of a platform manager:

"I am very glad to introduce to you, ladies and gentlemen, Mr. B., who will now entertain us with his celebrated lecture, 'The Trial of Jesus From a Lawyer's Standpoint.' I can only imagine one lecture which might prove more interesting to this audience than the one announced. That would be 'The Trial of a Lawyer From Jesus' Standpoint.'—Everybody's Magazine.

SQUIRE EDGE GATE—Bald Headed

BY LOUIS RICHARD.

FANNING WITH ARRELL

McAULIFFE WAS THE REAL CHAMP

By HENRY L. FARRELL
United Press Sports Editor

New York, Oct. 5.—Jack McAuliffe, former lightweight champion of the old bare knuckle days, who is proud of his title as the only retired, unbeaten champion, is getting back in a war-like mood over stories printed in New York that he, his record and his title are the bunk.

"I was the recognized 133-pound champion for twelve years. I held the title longer, defended it more times and went through more finish fights than any other champion of any other class," Jack says in self-defense.

"When I started fighting in the professional ring in 1885 there were only four classes, the featherweight, lightweight, middleweight and heavyweight and the featherweight division didn't amount to much.

"There was no recognized world's lightweight champion until 1886, when I claimed the title after Jimmy Mitchell refused to fight. Edward Holske, a writer on the Boston Police News, gave me a belt to defend as the lightweight champion and I retained it by knocking out Bill Frazier in twenty-one rounds in Boston, Oct. 29, 1886.

"In 1887 Harry Gilmore, champion of Canada, came down with a belt supposed to be emblematic of the international lightweight championship. I fought Gilmore with skin gloves in Lawrence, Mass., on Jan. 14, 1887. In the twenty-eighth round he gave up with a broken nose and I was almost blinded. It was a tough fight and I won the belt.

"After the Gilmore fight, the Boston sports raised a purse of \$1,000 and gave me another belt to defend as the world's champion. The belt was stolen some years later out of my saloon in Brooklyn and was given to Jem Carney, the Englishman, who still holds it.

"Later in 1887 the Police Gazette presented me with a belt in recognition of the world's lightweight championship. I hooked the belt and put the money on Blue Wing in the Brooklyn Handicap and he was second by a whisker.

"The editor of the Police Gazette got the belt out of the pawnshop, had it done over and presented it to Terry McGovern. Sam Harris, who used to manage McGovern, still has the belt.

"I never kept track of the belts. Money used to go easily in those loose days and I was usually in need of cash, so I hooked them just as soon as I got them. When friends would ask to see them I would tell them that they were too valuable to carry around and that I had them locked up in the safe.

"When I retired in 1897, a big doings was arranged in the old Wallack Theatre. The late John L. Sullivan, master of ceremonies, was to announce my retirement and introduce Kid Lavigne as the next champion. He went through with a long speech and then turned to me and asked for the belt. I told him I would give it to him after the show. I was all dolled up in the full dress and I nearly had it torn off by Sullivan afterwards, when I handed Lavigne a hook ticket for the belt."

McAuliffe claims to have been the first champion under the Marquis of Queensbury rules in 1886 when he knocked out Frazier. He fought under both rules, making 133 pounds for the Queensbury rules and 135 under the old London prize ring rules.

"There were very few lightweights in those days who weighed less than 140 pounds. The biggest purse I ever had offered me was \$45,000 to meet Dick Burge at Coney Island. He weighed around 140 pounds and he refused to make 133 pounds so the fight was called off," McAuliffe says.

In defense of his four belts, McAuliffe fought a draw with Jem Carney in 1887; knocked out Sam Collier, England, in 1888; knocked out Jake Hyams in 1888; fought a draw with Billy Myers in 1889; knocked out Jimmy Carroll in 1890; won from Austin Gibbons in 1891 when the police stopped the fight and knocked out Billy Myers in 1892. He retired in 1897.

"Moran of the Lady Letty"

A dance on board the second finest yacht of the Pacific coast—scenes at a fashionable afternoon tea in San Francisco; a grand ball at a magnificent hotel—these are some of the scenes in "Moran of the Lady Letty" produced by George Melford for Paramount and to be shown at the Lyceum theatre last time tonight, which, while essentially a sea story, is nevertheless possessed by features quite foreign to the sea.

It is at the afternoon tea that the spectator first sees Rudolph Valentino, leading man, and learns that he is bored to extinction by the shallowness of society life.

Tom Mix in Unusual Role

Tom Mix, the dynamic Fox star, believes in giving his large and loyal public change as well as sensation in his photoplay. While each Mix picture has its distinctive tang of adventure, thrills and outdoor stuff there is always a pleasant change of locale and some new angle or interesting twist to the story. Even Mix himself endeavors to make each succeeding photoplay fresh and new by varying his role and character each time.

In his latest production, "The Fighting Streak," which comes to the Lyceum theatre Friday and Saturday Mix will be seen in a part such as he

never has played before—that of a brawny young blacksmith in a little western town. Through the medium of this character the story takes on novel color and interest, and it starts Mix off on a series of adventures that provide action every minute and give the famous Fox star another photoplay that is fairly packed with thrills and entertainment.

"In the Days of Buffalo Bill"

Do you know what those wonderful qualities were of Abraham Lincoln's that endeared him to millions of people?

Do you know the circumstances under which President Lincoln was assassinated?

Do you know whether or not John Wilkes Booth met the fate deserved by an assassin?

Would you like to have seen the presidential inauguration of Andrew Johnson?

These historical events are only a few of those recorded by the camera for the big Universal chapter play in "In the Days of Buffalo Bill" which shows at the Lyceum theatre on Friday and Saturday.
